

HW. for 2.12.2012

We reviewed fruits and added some more fruits/vegetables to our vocabulary. Remember most fruits are female, except for the apple, pumpkin and peach. We worked on saying long sentences to describe the fruits (color) that we picked out of a hat for our fruit/veggie Bingo game. We also reviewed how to say numbers, our B-days, the days of the week and AM/PM (Vormittag, Nachmittag).

The vegetable (Gemuese) and fruits we added:

die Karotte carrot
die Tomate tomato
der Kürbis Pumpkin

Please write or complete the following sentences to reinforce what we have learned. Please use your verb lists from previous homeworks for reference:
